SUNDAY MAY 18th

YOUR AIRFIELD NEEDS YOUR SUPPORT

Airfield Open Day 10am-4pm

The airfield is holding its annual open day next Sunday 18th May.

As always all the flying clubs, tower, fire crew, Vulcan group and museum are all doing their bit and opening their doors to local residents and supporters.

This year as we fight to keep our airfield as an active airfield and not another housing development it's very important that we get as many visitors as possible to see this fantastic resource, one of the best general aviation airfields in the country and show local planners the local support for the airfield.

At Take Flight we have live music from local band *"Completely Covered"* plus support.

A pig roast and half price 30 min trial flights at £69 and discounted aerobatic experiences at £99.

We have even organised a banner towing aircraft to spread the word!

It would be great to see you and please bring some friends.

The pig roast which includes free drinks is

£5 per head otherwise entry is free.

Live music and food from midday with the airfield attractions open from 10am - 4pm.

Call or e-mail the club to book flying slots in advance or just turn up and book

See you there on the 18th? regards Mike
